Assignee, Intel Corporation, requests reconsideration of the Decision on Petition, dated December 21, 2010, dismissing Assignee's petition for unintentionally delayed payment of the 8th-year maintenance fee for the above-listed patent. The Office rejected assignee's petition because:

...the grace period for paying the first maintenance fee provided in 37 CFR 1.362(e) expired at midnight on October 23, 2005. The petition was filed almost five years later.

However, on October 20, 2010 Assignee petitioned for the second (8th-year) maintenance fee, not the first (4th-year) fee. The Office correctly stated that RE39540 is based on an original non-reissue application which issued as Patent No. 6,307,878 on October 23, 2001. The 4th-year maintenance fee for the parent '878 patent was duly paid on April 25, 2005 (see Exhibit 1, printout of USPTO Bibliography page).

T.W.

The Office incorrectly assumed that the 4th-year fee was not paid on the reissue patent when it had in fact been paid for the parent. Assignee timely filed its petition to accept the 8th year fee for the reissue patent.

For the reasons stated above, Assignee respectfully requests that the decision on petition be reconsidered, the rejection of Assignee's petition for the 8th year maintenance fee be withdrawn, and the Office accept Assignee's petition for the 8th year fee for RE39540. The undersigned attorney for CPA Global spoke with Mr. Anthony Knight, Director of Petitions, on April 4, 2011, regarding this request. The Office is invited to telephone Ken Sheets at (703) 236-2994 to facilitate this matter.

If necessary, please charge any fees or credit overpayment to Deposit Account No. 50-4623.

Respectfully submitted,
